

Benazir Income Support Program (BISP)
National Social Protection Program (CR.5973-PK)
TERMS OF REFERENCE
CASE MANAGEMENT SPECIALIST (WT)

1. BACKGROUND

Initiated in July 2008 by the Government of Pakistan (GoP), BISP is the first ever comprehensive and countrywide Social Safety Net (SSN) programme. BISP's primary aim is to eradicate poverty through provision of unconditional and conditional SSNs. Unconditional SSNs through cash injection enhance buying capacity of the disadvantaged families. Through conditional SSNs schooling of the children aged 05-12 is supported. Between 2008 and 2012, BISP carried out a National Socio-Economic Survey (NSES) to take stock of the socio economic status of entire population of the country by applying a comprehensive Proxy Means Test (PMT) to NSES in order to identify eligible beneficiary families with PMT scores less than 16.17.

It is widely acknowledged that household demographics change to a considerable extent over a duration of five years, and, often, economic registries have errors at three levels i.e. (i) design, (ii) Implementation, and (iii) time/aging factor which in turn affect the measure of accuracy. In consideration of these, this year, BISP has initiated a fresh National Socio Economic Survey to update its National Socio-economic Registry (NSER).

The World Bank is actively engaged with the GoP and BISP since 2009. The World Bank's initial support to BISP came through sectoral Development Policy Credit (US\$150) in 2009, accompanied by Social Safety Net Technical Assistance (TA) Project (US\$60 million). In 2012, the TA Project was restructured with additional financing of US\$ 150 million to support expansion of the program and strengthening administration and performance by introducing disbursement linked indicators (DLIs) and was closed on June 30, 2017.

World Bank is extending its support through National Social Protection Program (NSPP), a US\$ 100 million credit from IDA. It will support the GoP through, a Program for Results (PforR) in an amount of US\$ 90 million by making disbursement against the key results as part of the Government's program; and an Investment Project Financing (IPF) TA component in an amount of US\$ 10 million to finance critical areas to achieve the quality of results. The expected closing date of NSPP is June 30, 2021.

2. OBJECTIVES OF THE ASSIGNMENT

The Case Management Specialist would primarily be responsible for the management and resolution of all appeals, requests for updates and complaints by BISP's Waseela-e-Taleem Initiatives.
